Honorarium along with travel and lodging expenses. Due to the variety of options (speaking only, comedy characters and/or Bible dramas) the honorarium is negotiable based on what you request for your group and on your budget.

Integrating truth from the Bible is the focus of Shari's presentations. She creatively mixes laughter with the reality of tough times and builds an atmosphere where life-changing moments can happen. This author, mother of four, and grandma says, "My greatest joy is sharing about Jesus Christ and His transforming power. There is nothing like seeing people have an 'Aha' moment when they accept the gift of eternal life, give themselves wholeheartedly to God, and are filled with joy knowing God can turn their darkness into light!" Shari's message is one of hope, for she testifies how God takes our brokenness and uses it for His glory. He did it for her!

After her marriage in 1992, Carmen became serious about her Christian experience. At a Steven Curtis Chapman concert, she committed her life to Christ. Carmen's desire is to serve Him daily in actions, words, talk and deed. As part of her daily prayer, she asks Jesus to place her in the center of His will and to guide and direct her path according to his purpose for her life (Jeremiah 29:11).

Carmen likes to address the following topics.

#### Communication:

Miscommunication is the number one reason for low morale and disengagement. Working with volunteers, staff, community, visitors, church attendees, members, the board and the district requires a lot of communication, verbal and non-verbal. Communicating in an effective and efficient manner is important for church growth and growing His kingdom. Here are many topic areas within communication that can be addressed. A few topics are: body language, active listening, sending and receiving feedback, using effective words and phrases, addressing conflict with grace, communicating genuine appreciation and communicating in the most effective manner for the given audience and/or topic.

#### DISC Training:

In the church, like in business, there are four behavioral and personality styles represented (Dominance, Influence, Steadiness and Compliance). DISC training recognizes and addresses each style, as well as each

person's style, and how to communicate most effectively. It also shows the team how everyone was created unique in His image and what area of ministry would be the best fit and/or compliment their style.

#### Generational Understanding:

This session focuses on the traits, characteristics, communication styles and value systems of the many generations represented in the church. During this session participants will gain a better appreciation for each style and walk away with tools and resources to enhance their generational relationships!

#### Teams who are connected by mission and purpose:

Effective teams consist of individuals who understand the mission, purpose and values and are connected to them through their actions, words, choices and daily interactions. A mission statement and core values are more than words on a wall or in a manual, they are action driven. During a team building session you will understand your mission and how you are connected, the value of appreciation and how to create a team who is full on and headed for greatness together! In the end, it is about developing and a creating a team who desires to honor and glorify God with their strengths and talents.

#### The Red Carpet Experience:

What kind of first impression are you creating? Are you rolling out the red carpet for your visitors and members? In a matter of seven seconds, or less, they will determine if the experience was positive or negative and if they want to come back This session addresses the importance of the first impression, the impact of the last impression and every interaction in between. The end goal is to create advocates for Christ and people who want to align with your mission!

Darlene weaves together words and music that encourage Christians to have a renewed and committed relationship with Christ. She has shared her story throughout the United States and the Toronto, Canada, area at retreats, women’s and senior adult ministry events, area-wide crusades, and church concerts.

“Becoming Miss Kentucky and Third-Runner-Up to Miss America was an exhilarating experience for me, but I have also known deep personal sorrow. I lost my mother to early-onset Alzheimer’s when I was a senior in high school and found myself having to deal with a father who turned to alcoholism to escape from that tragedy. But as I look back over my life, I can see how God, time and time again, has guided me to the place where He wants me to be.

“As a wife, mother, and now grandmother, I know how the struggles and the everydayness of life can weigh us down, but I also know that God is faithful to see us through whatever He allows in His infinite wisdom to come our way. Whenever God grants me the privilege of sharing with others, I want that time to be a celebration of his goodness, a chance to revel in His glory, and an opportunity to explore His faithfulness.

“God has blessed me with the ability to use the everyday happenings of life to illustrate just how very much He loves us. There are constant reminders all-around of what He has brought us from and to what glorious places He would like to take us if we are just willing to follow.”
