**Patricia Ulmet**

Family Second Ministry

To begin each service, we use upbeat, high energy music; black light puppetry; and a black light band with audience participation.

The services slow to a more serious time of worship using black light sign language. Large screen PowerPoint graphics are used to share the plan of salvation and God's plan for a holy lifestyle during each evangelistic service. We do family revivals, camps, VBS, crusades, workshops for ladies' ministry as well as family relationships - God First-Family Second. I am a public school teacher, an ordained elder, and a registered evangelist.
