

# **ENGAGING SPIRITUAL CONVERSATIONS**

## **Ask for Prayer**

When unchurched people claim to be Christian, I ask them to pray for me. I find they welcome the opportunity to be prayed for and pray. This willingness may be part of their need to connect with God's family. My request for prayer is a bridge to a stronger relationship of love. By asking them to pray for me, I affirm their value. With their consent to pray for me, they enter into God's mission in the world.
